

PUBLIC STATEMENT
Announcement of the Board of Founders of Golden Light Studios

3rd April 2009

As a direct result of the economic crash, the funding of the Dark Eden Trilogy project as was originally intended is no longer a possibility. Our original plans were based on humanitarian grant financing. It is with great sadness that our humanitarian options have been adversely impacted by the crash, though it is with great honor that the tremendous energy placed in the inspiring Dark Eden Trilogy will continue.

Presently discussions are on the way to commercialize the Dark Eden project with commercial investors and allocate a significant percentage of the Golden Light group's profits to the cause.

Our thanks on behalf of the whole Golden Light team to all who have believed and continue to believe in the success of the Dark Eden Trilogy.

Kind Regards

Estevan Benitez
